

Oh! say, can you see, by the dawn's early light,
What so proudly we hailed at the twilight's last gleaming;
Whose broad stripes and bright stars, thro' the perilous fight,
O'er the ramparts we watch'd--were so gallantly streaming?
And the rockets' red glare, the bombs bursting in air,
Gave proof thro' the night that, our flag was still there;
Oh! say, does that star-spangled banner still wave
O'er the land of the free and the home of the brave?

Foreword =

It has been the purpose of your yearbook staff to present in this volume the activities of Handley High School for the school year nineteen forty and forty-one.

We hope that you who read this book will find on every page something of interest—something to bring back fond memories and set you to dreaming of the happy days we have spent together.

As the years pass and memories take on deeper meanings, we hope that you will turn often to this copy of our school book to bring back the old faces and familiar scenes of our Dear Old High School.

* Dedication =

Class Prophecy

5510 Hollywood Blvd. Hollywood. California May 17, 1946

Assistant Editor's Office New York Times New York City Dear Margaret:

I am certainly enjoying my business tour of the United States, for although I am obtaining material for my new story to be published in the New York Times, I am also rusning Into many of our old classmates. It is quite interesting to meet them again and to find how successful they have become.

For instance, Jane Brent with her famous alligist orchestra, is playing at The Trocadero here in Hollywood. You remember Wayne Reynolds. Well, he is the business manager of the orchestra. As I understand it, he has been offered a much higher salary to become business manager of Artie Shaw's Orchestra, but he is gutte content to stay where he is. I might add that he did look contented among all those pretty girls. You know how Wayne always was, perfectly happy when he was around some pretty girls. The vocalist in Jane's orchestra is none other than our own Tommie Meaders. The food at The Trocadero is perfectly delicious, and do you know, Helen Hinson is the dietition there. I always knew Helen would turn out to be a splendid dietitian.

While at the premiere of "Gold Rush Mazie," which has been revived, and in which Doris Countryman is starring, I saw Billy Jack Moore and his wife. Florence Galstrap, Billy Jack has become a very successful doctor. You remember how Florence and Billy Jack used to make eyes at each other all the time in school. Everyone said there was a future in it. Oh yes, Rita Mariin is Doctor Moore's nurse and a very good one, too. I know you could never guess who my escort to the premiere was; of course, you can't it was no one but that famous playbay. Carl Moore.

Last week when I left Fort Worth by plane I was greeted on the plane by the hostess, Maudine Anthony. Before I left the airport I ran into James Jacks who is an aeronautical engineer at the airport. On board the plane I met Virginia Buck, Inez Jones, Virginia Renfre, and Alva Kliever who are all teachers at Handley now. Virginia Buck teaches physical education, Inex has taken Miss Bullock's place as a speech teacher, while Alva has taken her place as music instructor, for Miss Bullock has been married and Virginia Reniro is the English teacher. The girls were traveling to Phoenix. Arizona to attend a national teachers convention. While I was in Fort Worth I went to the Roller Derby, for I saw in the paper that Louise Ussery was the star skater in the group. She could certainly skate and she has many fans. I chanced to meet Rosemary Whittle on the street in Fort Worth and she told me she was a dancing instructor at the recreation building. I also went to Stripling's Book Department, while there, to hear Ruth Miller review Patsy Wooten's popular book, "Gone With What Wind," Patsy told me that Bowle Chell was a preacher now and that E. S. Fitzgerald was a great scientist. E. S. has hopes of becoming a second Louis Pasteur some day, and I know he will do it. Earnest Miers has worked up to the place of press manager for the Star Telegram. I head have Porter Vaughn is quite a ham now, for he is head buyer for Swift and Company. I had my fortune read by Louise Looney who is now known as Madame Looney Louise told me that she is doing quite well with her private readings. Well, Richard Grimes can certainly drive as fast as he pleases now without getting a ticket for he is an ambulance driver, but he is not satisfied yet, for he wants to be a midget auto racer. Blehard told me that I. W. Sweckhammer was head mechanic at Hancock's garage in Handley, and that Louise Bratcher was a model at Lard & Taylor in New York City.

I saw J. B. Groves at the Colonial Club in Fort Worth. J. B. is the pro there. He told me that Eula Mae was the stemographer in an all-girls school where Novella Hatter is the dean and Doris Livingston the Librarian in the same school.

I suppose you've read in the papers about Jack Drewry being the successor to Fred Waring. He has in his charus two of our classmates, George Rentro and Weldon Ussery, while Helen Gibson is an opera singer at the Metappaltan Opera.

I heard over the radio today that Louise McKee has been selected as the glamous girl of 1946. The broadcast was made by the radio announcer, joe Schooler.

I was recently in the M.G.M. lot where I saw Marte Sexton, the iamous hair-stylist for Metro-Goldwyn-Mayer. Marie was styling Georgia Berger's hair for her new picture. The Ziegleld Girl' in which she was co-started with Charles Hoffman, a second Clark Gable. Marie told methat Dorothy Marrison was the make-up artist for Paramount and that Helen Hester was a dress-designer for Warner Brothers. I'm sure that you remember how Alice Harris used to practice twirling the baton in high school. All her efforts were not in vain, for she is a majorette at the University of California, and she told me the other day, when I saw her here in Hofflywood, that her highest ambition has been fulfilled.

I plan to attend the Olympics in Chicago next week. It will be particularly interesting as seven of our former Handley Classmates are participating. Frank Barron is now a great center in the football lineup, while E. L. Lowe, Ir. is quite a basketball player. The tennis star is Mary Jane Hardy and Roy Rigby is successor to Dizzy Dean. Jack Spright is a track star and Louise Swim has lived up to her name for she is now A.A.U. swimmer in the Olympics.

I suppose that is all the news for the time being so I'll close by saying that I think that our senior class has fulfilled the hopes of the teachers and Mr. Munden in attaining such a high goal. As a member of your staff, I remain,

Sincerely yours,

Elizabeth Swett.

COACH LOWE deserves much credit for the showing made by Handley High the last two years. He has taken practically new material and built two winning football teams. Last year he built a basketball team that ran as smooth as oil. This year he had one that was a thorn in the other teams' success. He has a large number out for football, and it looks as if they will make a winning team.

MR. BUTLER has been with us only two years as business manager. He has shown loyalty and backed basketball, football and all other sports to his full extent. Coach and the teams are looking forward to his being back next year, with his ever ready and willing hely.

Tootball Team

In the fall of 1940 our football team started out with what our opponents thought to be a weak team. Then on the evening of our first game the boys came out on the field with a determination and tied one of the best teams to be played this season. On the following Friday we were to play Grandview, and with our boys still working we took that team with a 13 to 7 score. The next game was with Irving which was a hard game, but we had the big end of the score 13 to 7. *Grandbury came next with a 31 to 0 score for us. Then Grapevine with a 32 to 0 score for us.

After this came the game of the season with Diamond Hill. This was one of the hardest fought games of the season, and the good part was that we took home the big end of the score with a 7 to 0 victory over them. Buddy played a game of blocking, running and smart defense that you seldom see the equal of in high school football. Harold also played a good game to help push the team over for a magnificent victory.

Then came Midlothian, which we took with a 25 to 0 score. This removed all questions as to the district champs. Old Handley High School was way out in the lead and Coach Lowe was not saying much, but he was smiling a lot. In the by-district game we met Buckners. That game would take your breath away. We made the first touchdown, and then drove down to the one foot line; but we could not get that little extra punch to drive across the pay stripe. Then, shooting their passes with bullet accuracy, Buckner drove down for a touchdown. From this time on there was no other score made.

Penetrations of the twenty-yard line were even, but the boys from over Dallas way had a wee margin on first downs and the referee told them "you win." Our people were let down some because our boys did not win, but they came home as proud as peacocks over the way our boys played the game.

That game, of course, closed the season for us. But Old Handley High shines on just the same, proud of a team of real champions. During the season our warriors brought back to camp a total of 126 points and left only a scant 20 points with opponents. Not so bad. Not so bad.

PORTER VAUGHN, guard

This is Porter's first and lent year on the Handley basket ball team, and he will be missed greetly next year. Porter was a good ball handler and played hard sill the lime. He helped a key-the team joing strong.

GIRL'S GLEE CLUB

This year's Girl's Glee Club has been one of the largest and most successful in the school's history.

Outstanding programs during the year have been those at the First Methodist Church in Fort Worth, our Patriotic Armistic Day program, the annual Christmas Contata, and the concert at the Federal Narcotic Hospital. Combined with the boy's voices as a mixed chorus this group assisted the Handley Civic Chorus in Christmas programs at both the Handley Baptist Church and Meadowbrook Methodist Church.

The club was singularly honored by being invited to sing in the massed all-city chorus which presented its concert in May at the Municipal Auditorium, under the direction of Dr. Wilfred C. Bain.

BOY'S GLEE CLUB

From left to right: Cleo Johnson, Bowie Chell, Carl Moore, J. E. Green, Paul Matchett, Jack Speight, David Collina, Thomas Blackshear, Charles Whittle, Kenneth Taylor Otis Bracks, Miss Marian Billock—Director, Members not in the picture: Harold Bierman, E. L. Lowe, Jr.

The Boy's Chorus has made an outstanding contribution this year to the music department. Beside participating in numerous assembly programs the group sang at the Handley Dad's Club and the Federal Narcotic Hospital. They also assisted the Handley Civic Chorus at their Christmas Program and took part in the all-city high school chorus.

ORCHESTRA

The highlight of the year for the orchestra was its participation in the allcity high school orchestra under the direction of Mr. Brooks Morris. At this concert they played the following numbers.

Bourree	Bach
Intermezzo	Bizet
Ballet Music (Rosamunde)	Schubert
Moment Musical	Schubert
Turkish March	Beethoven
Rakoczy March	Berlioz

Among other numerous programs the orchestra played at the district meeting of the Masonic Lodge and furnished incidental music for the Senior Play performances. Also for the first time, this year a beginner's orchestra has been organized. This group includes: Margory Nell Bone; Frank Rigby; Jack Everett; Donald Stark; Bennie Miers; Doris Taylor; Demmie Murphy; Natalie Fitzgerald; Vesta Pawley; Mary Lou Moore; Leroy Pierce; and Joyce Purcelly.

Each year the science club selects a project such as: the building of a radio, a public address system, a weather bureau, etc. This year this group has built a repulsion coil which they hope will be useful and entertaining in assembly programs.

Mr. Hill, always pleasant and friendly and dependable, is evidently getting ready to close for the day.

As evidence of goodwill and our earnest desire that you like our book, witness our signatures

Oh, thus be it ever when freemen shall stand

Between their lov'd home and war's desolation!

Blessed with vict'ry and peace, may the heav'n-rescued land

Praise the Pow'r that hath made and preserved us a nation!

Then conquer we must, when our cause it is just,

And this be our motto: "In God is our Trust."

And the Star-Spangled Banner in triumph shall wave

GUARDIANS OF YOUR BETTER LIVING

Symbols not of war . . . but of SERVICE! The smoke stacks of our electric plants may resemble somewhat cannons but they are the tools of production — not of destruction. They are sentinels of electric service and better living—reminders of one of America's great blessings.

Twenty-four hours a day you have all of the electric service you want for better living—to make your life more enjoyable. And the cost is only a few pennies a day—one of the smallest items of your family budget.
